KILOWATT HOUR TAX NOTIFICATION

Dear Customer,

In light of a recent audit, it was discovered that the monthly kilowatt hour tax was not being charged and it should have been.

According to Ohio Revised Code (ORC) 5727.81 and Village of Waynesfield resolution 22-11-2, this tax is now included on your utility bill effective immediately. There will be an additional line item on your utility bill.

The purpose of the kilowatt hour tax is to fund future necessary and mandated electrical upgrades to the village's electrical grid.

Below you will see the end user rate table as outlined in ORC 5727.81:

KILOWATT HOURS DISTRIBUTED TO AN END USER RATE PER KILOWATT HOUR

For the first 2,000	\$.00465
For the next 2,001 to 15,000	\$.00419
For 15,001 and above	\$.00363

If you have any questions, please call the Village Administrator at 419-568-4991, option 1.
